Phoenix Rising

Treat yourself to the Phoenix Rising, a luxurious whole body treatment. Our signature spa experience is 120 unforgettable minutes of pampering and indulgence. A detoxifying salt scrub enhances circulation, improves skins tone and texture, and leaves your silky skin feeling radiant. A stimulating foot rub precedes an invigorating hair and scalp treatment. Then, warm river rocks are gently massaged over your back and limbs, and cradled in your palms. The lavish journey culminates with a Get Up & Glow Facial incorporating our carefully-selected products to make your face look as radiant as your body feels.

20% off Phoenix Rising with Sharon Conley!
